Dear London Tours

I am writing to extend my personal appreciation and the sincere gratitude of our forty-six person tour group and of our entire military chapel community. We all thank you for your support of our Airmen and their families. The professional coach tour of your beautiful city on December 27, 2008, will never be forgotten.

I would like to extend special thanks for the superior services of our exceptional guide, Mr. Kevin Molloy. Everyone has been raving about Kevin's extraordinary ability to address a broad range of topics at an amazing depth. His knowledge and humor were the perfect mix to educate and entertain our eclectic group of adults and children. We all thank God for your company and the gifts given to and shared by Mr. Molloy.

There is one specific item I must mention. Kevin saved the day by getting us into Westminster Abbey after our tour was complete. The line (queue) was so long we never would have made it without his blue-badge privileges. He went far beyond the call of duty (and our contract price) and actually stayed to guide us! We could all sense that Kevin loves what he does and for that we are truly grateful.

Thanks again for a wonderful London experience and memories to cherish for a lifetime!

Sincerely
